PROFESSIONAL SUMMARY

Motivated Frontend Developer with hands-on experience in HTML, CSS, JavaScript, and React.js. B.Com graduate with 1 year of professional experience at Cognizant Technology Solutions in a client-facing BPO role, developing strong communication, problem-solving, and analytical skills. Built and deployed real-world projects including a fully responsive Personal Finance Tracker using JavaScript and React. Actively transitioning into frontend development with a strong foundation in web technologies and a passion for building clean, user-friendly interfaces.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS
Tools & Tech: Git, GitHub, GitHub Pages, VS Code, Prompt Engineering
Concepts: Responsive Design, DOM Manipulation, localStorage, REST APIs, Component Architecture
Soft Skills: Communication, Teamwork, Problem Solving, Quick Learner, Microsoft Office Suite

PROJECTS

SpendSmart — Personal Finance Tracker 2025

HTML · CSS · JavaScript · localStorage | Live: naveenkumar-siva10.github.io/spendsmart

- Built a fully responsive personal finance tracker to add, categorize, and manage income and expense transactions with live balance calculation.
- Implemented a smart category dropdown that dynamically updates options based on selected transaction type (Income/Expense).
- Developed 3-way filter system — filter by type, category, and live search — using JavaScript filter() and reduce() methods.
- Integrated localStorage for persistent data storage across browser sessions with no backend required.
- Deployed live on GitHub Pages with full mobile responsiveness tested across screen sizes.

GreenDen — Flower Pots E-Commerce Website 2024

HTML · CSS · Tailwind CSS

- Designed and built a fully responsive e-commerce website for a flower pot store with product listings, categories, and modern UI.
- Used Tailwind CSS utility classes for rapid styling and consistent responsive layout across mobile, tablet, and desktop.
- Implemented clean navigation, hero section, product cards, and call-to-action sections.

UI Clone Projects — TripAdvisor & Udemy 2024

HTML · CSS

- Recreated pixel-accurate UI clones of TripAdvisor and Udemy homepages to practise layout, Flexbox, Grid, and responsive design.
- Focused on understanding real-world website structure, component reuse, and professional design patterns.

WORK EXPERIENCE

Process Executive — BPO

Aug 2024 – Present

Cognizant Technology Solutions, Chennai

- Handled customer interactions in a high-volume night shift BPO environment, consistently meeting SLA targets and quality benchmarks.
- Developed strong communication skills by resolving complex customer queries clearly and professionally.
- Collaborated with team members to meet daily targets, building teamwork and time-management skills.
- Used Microsoft Office tools daily for data entry, reporting, and escalation tracking.
- Recognised for quick learning ability and adaptability in a fast-paced corporate environment.

EDUCATION

Bachelor of Commerce — Information System Management

2021 – 2024

Guru Nanak College, Chennai | Affiliated to University of Madras

Relevant coursework: Financial Accounting, Business Statistics, Information Systems, Management Principles

CERTIFICATIONS & LEARNING

- freeCodeCamp — JavaScript Algorithms and Data Structures (In Progress)
- The Odin Project — Full Stack Web Development Path (In Progress)
- Self-taught React.js via official React documentation and Chai aur Code (YouTube)
